

Looking after every whisker

With a TrustedPals plan, you'll get up to **100% back on vet bills**, the full attention of our **Pet Advisors (humans as dedicated as your own)**, and you can even pick your own vet.

So you get on with having fun – without worrying about little trip-ups.

What's covered?

If you get sick or injured, **and a licensed vet** prescribes a treatment for you, it's covered – so long as it's something you haven't had a problem with before (the humans here call these 'pre-existing conditions').

Here are a few examples of what our plans cover – but if you're unsure, just ask!

- ✓ Vet exam fees
- ✓ Tests and X-rays
- ✓ Hospital stays
- ✓ Prescribed drugs
- ✓ Vitamins and other supplements
- ✓ Behavioral training
- ✓ Prescribed therapy
- ✓ Prescription pet food
- ✓ Ear and eye problems
- ✓ Hereditary conditions (inherited from your parents)

We know it's really important we look your best, but just so you know – things like grooming, cosmetic procedures aren't covered. Services like dog or cat sitting, dog walkers, and the like aren't covered either.
