Find your way home

Even the smartest pets get a little lost sometimes. Maybe you've chased a car down the road and forgotten the way home, or accidentally escaped into the neighbor's back garden.

No matter where your adventures take you, it's important to know you can always get back to your human. That's where your **TrustedPals tag** comes in handy. There's a special code on it that other humans can use to get you home.

Here's how it works

1

Hook your tag

Hook your TrustedPals tag onto your collar. Feel free to ask your human for help if you need it.

2

Explore the world!

Part of being a pet is getting to run around outside – just make sure to show off your tag while you're doing it.

3

Use the code

If you ever get lost, other humans can use your unique code to tell us they've found you. Then we'll tell your human.

Just like that, you'll be right back at home. Your human will have been very worried about you, so make sure to show them lots of affection so they know you missed them too.

Any questions?

Call Marsh on **(800) 358-3801**.
Our lines are open **7AM-6PM CST** Monday to Friday.
10AM - 2PM CST Saturdays and closed Sundays
